

Graduate Students Website Directory Release Form

The Hospitality Office of Graduate Programs would like your permission to include you in our hospitality graduate student website directory. This allows current students to connect with one another more easily. **By completing this form, you give our office permission to poste your information in this directory.** Once you graduate from the program, we will move your information to a graduated webpage with just your name and degree program. If you would like to be removed at some point or update your information, please contact Rhonda McElroy at rhonda.mcelroy@unlv.edu.
